- i) Receipt of the payment of the application fee (R\$ 116.00). The application fee bill will be generated once the application is finished on the website;
- j) Acceptance letter. Attach the document during the application in the field “Form for choosing the advisor”, (“Formulário para definição do orientador”);
- k) Two reference letters that must be signed by the responsible for writing the letters. The letters should be sent to the email (tca@ufv.br) by February 09th, 2023 at 5 pm, with the subject “Reference letter for the applicant”.

The applicant must be responsible for all the veracity of the information and documentation provided. If any information or documentation provided is not accurate, the applicant will be declassified.

NOTE: To pay the registration fee, a SWIFT payment message must be sent to Banco do Brasil with the SWIFT code: BRASBRRJBHE (SWIFT identifier code referring to Banco do Brasil) and the IBAN: BR450000000000428. Then, please inform UFV about the payment (on what date and with what amount, in addition to other information that may identify the shipment).

4. EVALUATION SCORE

4.1. Evaluation of the documents in the Curriculum vitae and recommendation letter (100 points)

Evaluation of the curriculum:

4.1.1. The evaluation of the curriculum will be based on the GPA, received scholarships, works presented and published, teaching assistant activities, internships, professional experience, experience in foreign languages, specializations courses, and graduate courses completed, according to the alignment to the research areas of this graduate program.

4.1.2. The evaluation of the curriculum will be calculated by summing up all the activities performed by the student **over the last 5 years**, according to the criteria established in the Evaluation Score Table, detailed in Attachment 1 of this Admission Notice. The Evaluation Committee will not be responsible for any missent documents, or for any curriculum that does not meet the standard model provided in this Admission Notice.

4.1.3. It is obligatory that the student present the Curriculum vitae standard model accordingly fulfilled and with the certificates of proof, in chronological order, numbered and ordered in the same order that they are cited in the curriculum. Only the items proven with the certificates will be evaluated.

4.1.4. For the articles, the Capes Qualis from 2016 of Food Science and Technology will be used as standard. If the journal is not available in the Capes Qualis 2016 database, the applicant must convert the Qualis according to the impact factor of the journal, according to the Attachment Table A2.

4.1.5. The final score of the curriculums will be adjusted in a way that the highest score will be 100 points and the others will be converted proportionally.

Applicant selections: The applicant will be selected only if they are classified **and if the indicated advisor is available to advise the student**, according to the area of expertise and the research area that the student suggested with the agreement of the advisor.

5. FINAL CLASSIFICATION AND GENERAL INFORMATION

5.1. The applicant will be classified, by descending order of classification, to assume the position offered by the graduate program, according to the availability of the advisor in different areas of expertise.

5.2. If the classified applicant declines the position, the others will be nominated to assume the position according to the classification order and availability of the advisor.

5.3. In case of a tie in the classification, the highest score in publications will be the decisive factor for the classification of the applicant.

5.4. The documents can be declined by the coordination committee if they are considered insufficient as proof for the respective item.

5.5. Activities misplaced in the curriculum or in an item not related to the activity will not be considered.

5.6. No documents can be added to the application after the deadline, as established in the Schedule of this Admission Notice

5.7. The approval of the applicant is not a guarantee that the research paper will be executed. The theme of the research is discussed together with the advisor.

5.8. The applicant will be declassified if any irregularity in the application procedures, information, or plagiarism is detected at any time.

6. FINAL RESULT

The final result will be published on PPGCTA website (<http://www.posalimentos.ufv.br>) and in the system where the applications were made, as established in item 2 of the schedule.

After that, the final result will be ratified by the Graduate and Research Committee at the Federal University of Viçosa.

7 ADDITIONAL INFORMATION

The applicant will be declassified if:

- The documents are not presented on the correct dates established in this Admission Notice;
- Provides fake information and/or documents in any of the steps of the application process;
- Does not confirm their participation in the Graduate Program on the specified date of this schedule

The approved and classified applicants must keep their physical and electronic addresses updated. The classified applicants, when appropriate, will be nominated to assume the position in case of any declines. The final results, as well as the other necessary information, will be published on the website of the program (<http://www.posalimentos.ufv.br>). Any exceptions will be analyzed by the Food Science and Technology Program, according to the internal rules of the Program.
